

## ES37 CLEANER MAINTAINER POLISHER

- Formulated to give maximum cleaning efficiency
- Removes dirt, soils, oils, greases, mold & mildew
- Improves appearance of worn floors

	ES37
APPEARANCE	Clear colorless liquid
ODOR	No added fragrance
SOLUBILITY	Dispersible
RELATIVE DENSITY	~1.010
pH	11.00-11.50
VISCOSITY	N/A
SHELF LIFE	3 years

SIZES	
ES37-4	3.78 L (1 gallon)
ES37-18	18.9 L (5 gallons)

### BENEFITS

- Easy application, no rinsing required.
- Water-based. Low odor. No sticky residues.
- Superior performance at the lowest possible dilution cost.

### DESCRIPTION

ES37 is specifically designed to clean, refurbish and maintain any densified, hardened or polished terrazzo/concrete floor surface. This product removes marking and soiling, while also creating a smoother more resilient surface, reinforcing the surface of the floor with every use.

ES37 contains a special low friction lubricant that extends the life of floor pads, reducing cost and increasing the gloss level of the floor. Use this product in conjunction with the Enviro-Solutions® Cleaner Maintainer Polisher Pads (ES-CMP).

### DILUTION

- 1 oz. ES37 per gallon of water or 7.8 mL per liter of water (1:128)
- Product yields approximately 50,000 - 60,000 square feet per gallon (3.78 L)

### DIRECTIONS

1. Clean your floors as you normally would by using your auto scrubber with the ES-CMP pad grit matching your highest level of polish and ES37 Cleaner Maintainer Polisher diluted according to label instructions.

For additional instructions, consult your Enviro-Solutions® floor care specialist.

### DISPOSAL

Dispose of used/unwanted product according to state and local regulations. Offer container for recycling.

### PERSONAL PROTECTION

Please refer to product label and SDS.
