

LVT & MULTI-SURFACE FLOOR CARE PROGRAM

Safer Solutions for LVT, LVP, VCT, Laminate, Marmoleum, Linoleum, Vinyl Sheet Goods and Rubber Flooring

Protect your investment!

Floor care is a major category that requires the highest level of custodial skillset and can consume as much as

67% of a typical budget.

Charlotte Products™ Ltd. has a long-standing, award-winning track record of innovative solutions.

Our LVT & Multi-Surface Floor Care Program is proven safer for sensitive surfaces and lowers the risk of discoloration and damage.

Benefits:

- ◆ 5 products specifically designed for these sensitive surfaces
- ◆ Easy to use and easy to train for custodial teams
- ◆ Floor Finish formulas, when applied as directed, provide less chance of finish build up or the need of frequent deep stripping procedures
- ◆ First time we have offered an official Matte and Satin floor finish
- ◆ Fast drying floor finishes = less facility down time and disruption

Enviro-Solutions® products designed specifically for sensitive substrates

As the popularity of these substrates increases, and staying true to our long-standing, award-winning focus on innovation, we have developed a simple, cost-effective program that is specifically designed to protect these sensitive surfaces for many years, complementing the skill set of the custodial team.

Proven safer for your sensitive substrate and occupants of your building

ES301
